Music videos filled with inside jokes
ABOUT YOUR WORKPLACE.

SONGS ABOUT COMPANIES creator Eric Schwartz has racked up over 200M video views, 300K followers, landed spots on Showtime, Hulu, BET and The Tonight Show and toured internationally to sold-out venues. Now, we're bringing his comedy music machine to make music videos about your company.

TURNAROUND

Although projects can be completed quicker, the ideal turnaround time from concept to completion is at least two weeks for the typical one-to-two-minute video.

EASY PROCESS

Discover
We work with you--the insiders--to get the info, resources, video and graphical assets I need to create your music video.

Revise
We work together to make the project the very best it can be.

Finalize
We send the video to you for final approval and make any minor remaining changes.

OWNERSHIP

You own the final delivered video, we own our IP, such as music, writing, characters and source files. Most videos are made for internal entertainment use, but public distribution can be arranged.
